

Photos and Photography

1. Do you enjoy taking photographs? Is photography one of your hobbies?
2. Why do you think people take photos? How do you store your photos?
3. Have you only ever taken digital photos or do you have experience with film photography?
4. What is your favorite kind of photo to take (e.g., pictures of people, nature, food, pets)? Why?
5. Do you prefer to take photos with a smartphone or a camera? Is a traditional camera better?
6. Do you have a favourite camera brand? Which of the following have you used in the past or would like to own in the future?

Canon	Nikon	Pentax	Panasonic/Lumix	Olympus
Polaroid	Fuji	Hasselblad	Sony	GoPro

7. Where do you store most of your photos (e.g., on your phone, in a cloud, printed in an album)?
8. Tell us about the best photo you have ever taken. What makes it special?
9. Do you ever edit your photos? If so, what app do you use and what type of edits do you make?
10. Do photos help us remember the past better? Give an example.
11. How often do you look back at old photos? What emotions do they make you feel?
12. Is it important to print photos, or is it okay to only have digital copies? Explain your opinion.
13. If a fire destroyed all your possessions, but you could save three photos, which three would you choose and why?
14. Do you often take selfies? Is taking selfies and posting them to social media a good idea?
15. Why do people take photos of food before eating it? Is this something you do?
16. Do you share your photos online (e.g., on Facebook, Instagram, Snapchat)? Why or why not?
17. How have photos influenced the way people use social media?
18. What are 'likes' or 'comments' on a photo? Do you worry about how many likes your photos get? How important is it to get likes and comments?
19. If you could only post one photo a week, what kind of picture would you choose to share?
20. Do photos on the internet always show the truth? Why or why not? Can you tell if a photo is AI?
